

## MOTOR MOUNT HOLE DIAGRAM

For mounting:  
37mm DC Geared Motor Mounting Bracket Holder  
Opteka GLD-400 47-inch Camera Track Slider

### Instructions

Print this page, be sure “shrink to fit” is UNCHECKED. Cut along dotted line and place over the motor mount in the orientation shown. Use the new hole indications to drill two new 5/32” holes for mounting to the Opteka 47” camera slider. Motor mount will now align with the Opteka slider foot mount holes.
